Remark 1	Columns without data can be deleted	
Remark 2	The order of the columns are not important, but the Field-Name may not be changed	
Remark 3	FED, Rtg_Int, Title can also updated from the FIDE-rating list with menu-item "specials/updates"	
Remark 4	The rating-data must be on sheet 1, the other sheets are ignored	

To import the (national) rating list the following steps are to do

- 1) Create an Excel-File of your players like the sample-file
- 2) Click menu-item "specials/options..." ==> rating lists ==> import rating list
- 3) Select "NAT rating list"
- 4) Select Rating importfile (created in step 1)
- 5) Click button "start import" ==> Creates the file "RatingNat.DAT"
- 6) See the Log-File

Remark 5 If you want search only in one special rating list, enter the rating list with comma s
for instance KARPOV,FIDE to search in the FIDE-list
or KARPOV,NAT to search in the national list

Important: The Excel-Format must be Excel version 97-2000 and n

ated with comma

blank

ged
sicals/update ratings/data"
